

Twinbrook Parkway Pedestrian Improvements

Public Meeting Tuesday, Nov. 12

Purpose: The City has received concerns about safety along Twinbrook Parkway. In an effort to increase compliance with the road laws and enhance the safety of pedestrians crossing Twinbrook Parkway, we are holding a public meeting to discuss a proposed plan to construct pedestrian improvements at the following intersections:

- Twinbrook Parkway and Linthicum Street
- Twinbrook Parkway and Pinneberg Avenue

These enhancements would be similar to those already constructed at the intersections of Twinbrook Parkway with Shetland Street and with Marshall Avenue.

Location: The public meeting will be held in the Meeting Room (downstairs) of the Twinbrook Library, 202 Meadow Hall Dr.

Date: Tuesday, Nov. 12

Time: 6:30-7:30 p.m.

Project Timeline: This project is in the planning stage. Once the project is approved, design would occur in spring 2014 with construction in summer 2014.
